## *What's in the test?*

The Made in Sheffield Scholarship test has been designed to identify students with a particular aptitude for university-level study. There are two tests used in the programme, to measure verbal reasoning skills and to assess problem-solving capabilities.

## *What if I don't receive a scholarship?*

The scholarship test is not part of our standard entry requirements and does not affect the offer you have already been made.

## *Don't delay, apply today*

Our Made in Sheffield Scholarship is strictly limited. This means that once we have awarded all of the scholarships there will be no more awards available.

**To avoid disappointment, speak to your local agent or Study Group representative today.**

With awards available of between £500 and £3,500, *confirm your offer today to avoid disappointment.*
