# International Diploma in Psychology

The International Diploma in Psychology is equivalent to studying year one of a UK undergraduate degree and allows you to enter directly into year two of BSc Psychology at the University of Exeter. This unique programme delivers academic modules in the College of Life and Environmental Studies, where students learn and study with first year students. The Psychological Concepts, Language and Study Skills module is taught within the INTO Study Centre. The Diploma in Psychology provides all students with full university status and is quality-assured by the University of Exeter.

## Progression to BSc Psychology at University of Exeter is guaranteed subject to meeting these specified course requirements:

**English grade:** 68% in Psychological Concepts, Language and Study Skills.

**Overall academic grade:** 50%

**Module requirements:** 40% in Introduction to Statistics; and 40% in Introduction to Research Methods

## What modules will you study?

- Psychological Concepts, Language and Study Skills (30 credits)
- Introduction to Biological Psychology (15 credits)
- Introduction to Social Psychology (15 credits)
- Introduction to Clinical Psychology (15 credits)
- Introduction to Statistics (15 credits)
- Introduction to Research Methods (15 credits)
- Cognition, Emotion and Development (15 credits)

BSc Psychology is accredited by the Psychological Society

## In 2010 and 2011 University of Exeter BSc Psychology graduates were working in the following jobs:

- Graduate mental health support worker – NHS
- HR Business Consultant – Department for Transport
- Rehabilitation Assistant – NHS
- Search Marketing Executive – private sector
- Resourcer/Trainee Consultant – private sector
- Marketing Loyalty Analyst – private sector

Psychology is a combination of science and arts. This combination gives you a different perspective when you are looking at the same thing. It's hard to do, but that's what makes it really interesting and enjoyable.

I have had lots of opportunities to speak to some Psychology professors. They are really smart and organise everything very systematically. There are also lots of really interesting talks that are held in the Forum; I attended one about Clinical Psychology. It's good to try these things out.
