Dear OFA Member,

The Club is currently considering moving the indoor games facilities from the 1st Floor to the Ground Floor as suggested during our recent AGM and for the reasons stated below;

1. to reduce the overall weight of furniture and fittings so as to consequently reduce the stress on the floor of the first level. As the building has been through a serious fire many years ago, it would be better if there is less stress on the floor.
2. as there are many elderly members and retirees who form the majority of the club's daily population, it would be for their safety and convenience too if the facilities are shifted down.
3. the Club would then, not need to consider future plans to incur more costs in installing and then maintaining a domestic lift for the purpose of transporting members up and down the clubhouse.

Kindly state your preference as to whether you are in favour of moving the facilities downstairs by placing a tick on the boxes provided for below.

YES

NO

Dear OFA Member,

The Club is considering to review the current membership structure of OFA taking into account the suggestion at the recent AGM. The main reason for the increase is due to:

1. The main dependence of the Jackpot income for the club's expenses. Currently we are depending on this income to defray our expenses. If there is any shortfall, the Association will be in a quandary.
2. The current income from membership is only negligible towards the overall income of the club. The current membership structure has been in existence since 2000.
3. To give members a new club house with full modern facilities which includes swimming pool, dining facilities, auditorium, gymnasium and games facilities.
4. To be able to organise more sporting events and other social activities for the members in the future.

Taking into account the above observations, it has been proposed to conduct a survey to get the members feedback on the proposed increase of membership fees.

Kindly state your preference on one of the proposals recommended below.

1. Maintain the existing membership structure
2. A grace period of 1 year and subsequent increase of membership from 2019
3. New membership structure effective from January 2018
